HIGH SPEED, STAINLESS STEEL BAG-IN-BOX PACKING LINES FOR BULK, SEMI-LIQUID EDIBLE OILS AND FATS

THE WORLD LEADER IN BAG-IN-BOX PACKING LINES

Back in the early 1980's, OK International developed the first machine to convert gusseted rolls of polyethylene film into leak proof 5-seal block bottom bags, which has become the industry standard in semi-liquid applications and the core of our packing lines.

Today, we are the only company in the world that designs and manufactures complete turnkey bag-in-box packing lines consisting of case erectors, bag inserters, fillers, bag closers, case sealers and conveyors, predominantly in stainless steel.

This, in combination with our expertise in corrugated cases and polyethylene film, provides you with the ultimate single source solutions, the perfect package.

SUPERSYSTEM TECHNICAL SPECIFICATIONS	
Products:	Edible oils, fats, butter, margarine, shortening.
Line output:	Up to 700 - 1400 cases/hour depending on filler and case and bag closing method.

CASE ERECTOR

BAG INSERTER

WEIGHER/FILLER

BAG CLOSER

CASE SEALER

SUPERFORMER (CASE ERECTOR)

- Quick and easy size change.
- Automatic case squaring.
- Glue or Tape and case monitoring.
- Single frame, in line design.

MODELS AVAILABLE:

- Superformer SF1
- Superformer SF2
- Superformer SF1-HM

SUPERLINER (POLYBAG-IN-BOX MACHINE)

- High efficiency bag opening.
- Easy and fast roll or bag change.
- Quick and easy size change.
- Dual roll holder or magazine.

MODELS AVAILABLE:

- Superliner SL110
- Superliner SL220
- Superliner SL330

SUPERFILLER (PRODUCT WEIGHER/FILLER)

- Most accurate load cells.
- Fully integrated.
- Dual lane conveyor system.

MODELS AVAILABLE:

- Superfiller SR2
- Superfiller SR4

SUPERCLOSER (BAG UNCUFFER/CLOSER)

- Multi-station process.
- Heavy duty indexing conveyor.
- Full interlocked guarding.
- Bag folding or sealing.

MODELS AVAILABLE:

- Supercloser SC300
- Supercloser SC400
- Supercloser SC500

SUPERTAPER (BAG-IN-BOX CASE SEALER)

- Designed for automatic lines.
- Floating top tape head and folding arms.
- Fast tape roll changes.
- Heavy duty motors and resilient side belts.

MODELS AVAILABLE:

- Supertaper ST1A
- Supertaper ST1A-HM
- Supertaper ST1F
